The Kamayan Experience FAQs (continued)

- Is there a time limit?
 - No. Stay as long as you like! The Kamayan Experience takes approximately 1 ½ hours from the time you are seated.
- Do we accommodate children for the Kamayan dinner?
 - The Kamayan dinner is served on bar height tables. These tables do not cater to high chairs, so we do not recommend infants. You may have additional kids at the table just as long as you do not have to add an additional table. You can comfortably fit about 2 kids on a table of 6 & about 3 kids on a table of 8.
- Can I add more guests after I have made my reservation?
 - Yes, but this will depend on availability at that point. Seats are limited, so we may not be able to add more guests. Please contact a Manager ASAP if there is an addition to your party. You may not decrease the number of guests once added.
- Can I decrease the number of guests in my reservation?
 - No, at any given point you are responsible for the initial number of guests reserved once the credit card is on file.
